

STAR MICRO-PAVE PRO BLEND® PROFESSIONAL GRADE ASPHALT EMULSION PAVEMENT SEALER (AE)

STAR MICRO-PAVE PRO BLEND® is a professional grade, Asphalt Emulsion (water based) sealcoating for jobs that demand outstanding performance. STAR MICRO-PAVE PRO BLEND® has an extraordinary degree of toughness and water repellency, unmatched by any competitive sealer. The “Hot Blending” of catalyzed rubber and select polymers with the asphalt binders in STAR MICRO-PAVE PRO-BLEND® greatly improve its durability and overall longevity. Superior water repellency is achieved with the use of specialty chemicals that enhance the water resistance of the cured coating. STAR MICRO-PAVE PRO BLEND® has excellent resistance to many chemicals and deicing salts. The combination of state-of-the-art technology in manufacturing and raw material selection.

- Outstanding Durability – STAR MICRO-PAVE PRO BLEND® is known for its outstanding performance and consistency, properties that are demanded by professionals.
- Industry Leading Longevity – A professional grade sealcoating that was designed, tested and proven to outlast any competing sealcoating in its class.
- Superior Flexibility – Ability to bridge minor surface (non-working) cracks in the pavement to eliminate water penetration and extend the life of asphalt surfaces.
- Beautifies While It Protects – Dries to an appealing dark charcoal color that enhances the value of the property. Snow removal becomes easier and traffic markings last longer.
- Resistant to re-emulsification in the presence of de-icing salts.
- Non-Irritating, Non-Toxic and Nearly Odorless – No noxious fumes or skin irritation during application. No solvent fumes, easy to handle, store and clean up. STAR MICRO-PAVE PRO BLEND® is a low VOC product.
