

STAR-SEAL PRO BLEND® (PROFESSIONAL GRADE RTS)

STAR-SEAL PRO BLEND® is a professional grade, Refined Tar emulsion (water based) sealcoating for jobs that demand outstanding performance. STAR-SEAL PRO BLEND® has an extraordinary degree of toughness and water repellency, unmatched by any competitive sealer. The “Hot Blending” of catalyzed rubber and select polymers with the Refined Tar in STAR-SEAL PRO-BLEND® greatly improves its durability and overall longevity. Superior water repellency is achieved with the use of specialty chemicals that enhance the water resistance of the cured coating. STAR-SEAL PRO BLEND® has outstanding resistance to gasoline, oil, chemicals and de-icing salts. The combination of state-of-the-art technology in manufacturing and raw material selection.

- Outstanding Durability – STAR-SEAL PRO BLEND® is known for its performance and consistency, properties that are demanded by professionals.
- Industry Leading Longevity – A professional grade sealcoating that was designed, tested and proven to outlast any competing sealcoating in its class.
- Superior Flexibility – Ability to bridge minor surface (non-working) cracks in the pavement to eliminate water penetration and extend the life of asphalt surfaces.
- Beautifies While It Protects – Dries to an appealing dark charcoal color that enhances the value of the property. Snow removal becomes easier and traffic markings last longer.

QUALITY + PERFORMANCE + VALUE + INNOVATION + SERVICE
